

## **R E M A R K S**

The office action of July 13, 2005 has been reviewed and its contents carefully noted. Reconsideration of this case, as amended, is requested. Claims 22, 23, 25-29, and 30-33 remain in this case, claims 1-21, and 24 being canceled.

### **Preliminary Comments**

The claims were amended as follows, to correct typographical errors and other informalities. No new matter was introduced. Specifically:

Claims 22, 23, and 25-29 have been rewritten in independent form.

Claims 1-21, and 24 are canceled without prejudice and applicant reserved the right to file a Continuation patent application on the same.

### **Allowable Subject Matter**

Claims 30-33 were allowed by the present Office Action.

Claims 22, 23, and 25-29 were objected to as being dependent upon a rejected base claim, but the Examiner indicated that they would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Such action has been taken, as noted in the preliminary comments above. Reconsideration and withdrawal of the objection are respectfully requested.

Applicant gratefully acknowledges Examiner's statement that claims 22, 23, and 25-29 are allowable.

## Conclusion

Applicant believes the claims, as amended, are patentable over the prior art, and that this case is now in condition for allowance of all claims therein. Such action is thus respectfully requested. If the Examiner disagrees, or believes for any other reason that direct contact with Applicants' attorney would advance the prosecution of the case to finality, he is invited to telephone the undersigned at the number given below.
